OBJECTIVE

A graduate student specializing in software engineering, with a strong background in project management and customer relations, aspire to secure a position related to software engineering in your organization. I am highly motivated and dedicated to expanding my knowledge and gaining practical experience in the field.

SKILLS

Language: Bahasa Malaysia, Mandarin, English, Korean
Programming: Laravel Framework (PHP), .Net Framework (C#), Flutter Framework (Dart), Angular Framework, Python
Software: Visual Studio Code, Microsoft Visual Studio, Figma, Docker, Adobe Premiere Pro, Anaconda
Expertise: Project Management, Leadership, Web/Mobile Application Design & Development, Sports Data Visualization

WORK EXPERIENCE

UniKL MIIT Business Centre – Internship

March 2023 – June 2023

Kuala Lumpur, MY

- Acquired practical knowledge in Figma, Laravel Framework and MVC throughout the internship period. Acquire hands-on experience on real projects, including the opportunity to redesign, redevelop and restructure the UniSer.my website.
- Collaborate with the team members, contribute ideas and actively participate in project discussions.

Gregartech Industries – Freelance UI/UX Designer

Nov 2019 – Nov 2021

Kuala Lumpur, MY

- Proficient in designing user interfaces for mobile and web applications using Figma tool. Excel in collaborating with cross-functional teams to ensure seamless integration of design and functionality.
- Possess strong knowledge in Flutter and Laravel frameworks for mobile app and web development respectively.

D.O.R Fashion Sdn Bhd – Part Time Promoter

Dec 2021 – Feb 2022

Kedah, MY

- Experienced Mandarin sales promoter in chinese company with a proven track record of driving sales and delivering customer service. Maintained organized, presentable merchandise to drive continuous sales. Work alongside retail representatives to boost sales.
